2. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, Look, US 5,847,743 teaches a printing apparatus having substantially the same structure and operation as the printing station of the instant application. Regarding claim 12, the prior art of record does not teach or render obvious a method of printing information on each article of a set of articles arranged in generally parallel lanes, at a printing station, including continuously moving a printing apparatus relative to the lanes to bring the printing apparatus into registry with each article of the set in turn, and further wherein the printing apparatus includes a print head and a carrier for marking medium which is applied to the articles during printing.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
